# Welcome

ISSUE 41 April & May, 2025

“ Greetings of the season to all our readers!

- ★ In a world that is rapidly evolving, education must move beyond textbooks and examinations. At Jain Public School, we believe in nurturing well-rounded individuals who are not only academically proficient but also emotionally intelligent, culturally aware, and globally competent. Our vision is to shape future leaders through holistic growth — where values, skills, and knowledge converge to create empowered global citizens.
- ★ Holistic education is at the heart of everything we do. Be it our emphasis on character building, leadership development, or collaborative learning, every initiative is thoughtfully designed to equip our students with 21<sup>st</sup> century skills such as critical thinking, creativity, communication, and compassion. We encourage curiosity, resilience, and responsibility attributes essential for navigating an interconnected and dynamic world.
- ★ Through international collaborations, interdisciplinary projects, and values-based education, we strive to offer learning experiences that transcend borders. Our students are prepared not just for careers, but for life — with the confidence to face challenges, the wisdom to make ethical choices, and the empathy to contribute meaningfully to society.
- ★ As we move forward, let us continue to foster an environment where each child is empowered to explore their potential and rise as a thoughtful, capable, and responsible global leader.

**Thank you for being a part of this journey**

- ★ We are always interested in hearing your views. We invite articles on the topic '**The Power of Positive Thinking**' for our next issue of the newsletter. If you have any comments about the newsletter, or if you'd like to tell us about what's happening at school, please email us at [principal@jpschennai.org](mailto:principal@jpschennai.org).

# Student Exchange Program INDIA & MALAYSIA

Our students have embarked on an exciting journey to **Malaysia** as part of the **2025-2026** Student Exchange Program. This international experience will foster global learning, cultural exchange, and leadership skills beyond the classroom. Here's to building bridges of friendship and knowledge between **India** and **Malaysia** !

# INFOCUS

## Shaping Future Leaders Through Holistic Growth for Global Competencies

### Introduction: Education Beyond Boundaries

In today's fast-changing world, success is no longer defined solely by academic achievement. True leadership in the 21st century requires a blend of intellect, emotional strength, cultural understanding, and a global mindset. At Jain Public School, we are committed to shaping future leaders through a holistic approach to education — one that equips students with the skills and values needed to thrive globally.

## What is Holistic Growth?

Holistic growth refers to the development of the whole child — intellectually, emotionally, socially, physically, and spiritually. It's about nurturing character and competencies alongside academic excellence. Our school's learning environment is built on this foundation, where each student is encouraged to explore their potential in all dimensions of life.

## Building Global Competencies

Global competencies involve the ability to understand & appreciate diverse perspectives, communicate across cultures, & act responsibly in an interconnected world. At Jain Public School, we instill these qualities through:

**Project-Based Learning:** Encouraging students to solve real-world problems collaboratively.

**Language and Cultural Exposure:** Offering multilingual learning opportunities and cultural events.

**International Collaborations:** Partnering with global institutions to broaden our students' perspectives.

**Digital Fluency:** Integrating technology meaningfully in classrooms to promote digital citizenship.

## Leadership Through Values

Leadership is not a title — it is a mindset built on integrity, empathy, and courage. We help students become compassionate leaders by:

# LEADERSHIP THROUGH VALUES

Promoting **service learning** and community engagement.

Conducting **student-led initiatives and councils**.

Celebrating **ethical decision-making and teamwork**.

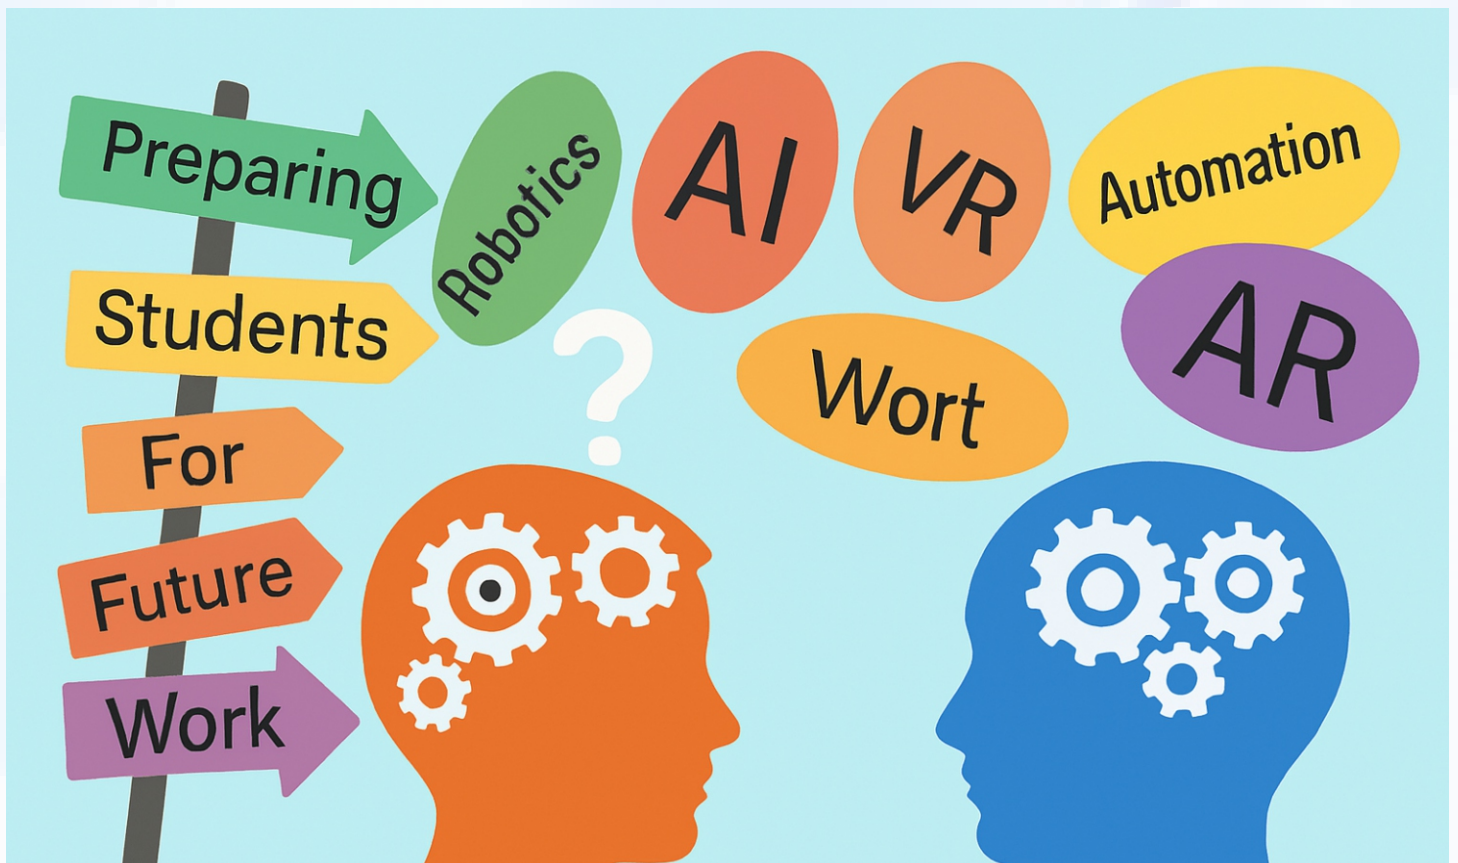

Encouraging **public speaking and independent thought** from an early age.

## Nurturing the Mind, Body, and Soul

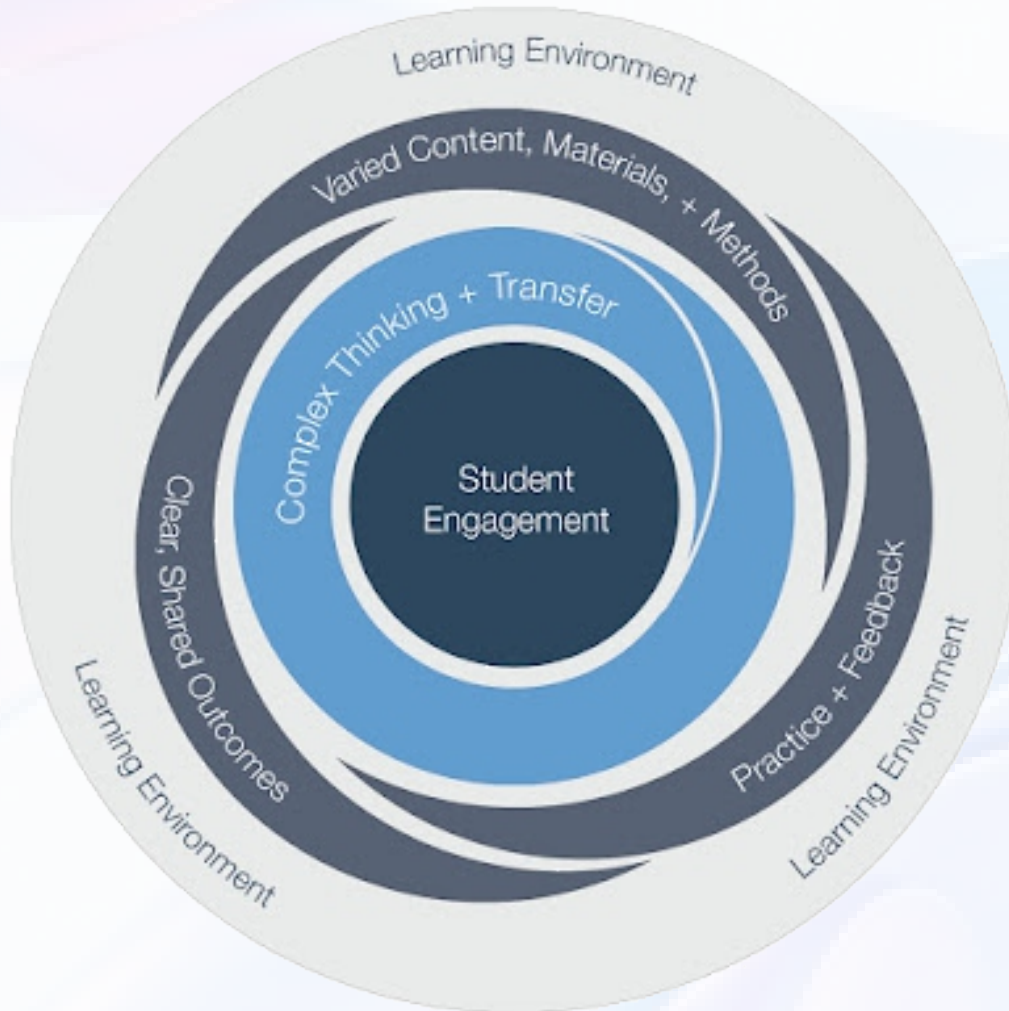

At Jain Public School, education goes beyond the classroom. Our programs in arts, sports, yoga, and mindfulness aim to build resilience, confidence, and well-being in every learner. We believe a healthy mind and a strong body are essential to personal and academic success.

## Preparing for the Future

The world our children will inherit is one of complexity and change. By instilling adaptability, critical thinking, and a growth mindset, we are preparing them to not only face the future — but to lead it. We envision our students as responsible global citizens who will contribute meaningfully to society, no matter where life takes them.

## **Conclusion: A Collective Commitment**

The journey toward holistic growth and global readiness is one we cannot walk alone. It requires the collective effort of educators, parents, and the larger community. Together, let us continue to support our children in becoming thoughtful, capable, and compassionate leaders of tomorrow.

# Cross Cultural Connections

In Malaysia's heart, where cultures blend,  
A journey starts, with friendship to lend.  
From temples grand to forests deep,  
Each day unfolds, a story to keep.

Day one's delight, in Putrajaya's sight,  
Modern marvels, in a planned light.  
Government's hub, with architecture grand,  
A city of beauty, in a tropical land.

Day two's dawn, at Chin Swee's gate,  
Caves temple's peace, a spiritual state.

Day three's quest, at CYC's door,  
Youthful vibes, and memories galore.  
Negeri Sembilan's museum tells,  
Stories of old, and history's dwells.

Day four's adventure, in mangroves so green,  
Nature's splendor, a treasure unseen.  
Day five's visit, to Negara's might,  
Central Bank's role, in Malaysia's sight.  
Royal Selangor's pewter shines bright,  
Craftsmanship old, in modern light.

Through Malaysia's lens, we see,  
Diversity's strength, in harmony.  
India's bond, with Malaysia's heart,  
A cultural tie, that will never depart.

equipment, evacuation drills, and a fully equipped infirmary, supported by tie-ups with nearby hospitals. Above all, disaster response training is also carried out to equip students and staff with first aid and crisis management skills. Spacious, well-lit classrooms enhance focus, while the JPS Sports Village promotes physical activity and mindfulness. Counseling services and mental health workshops offer essential support. AI-integrated attendance and smart classrooms boost engagement, while digital safety measures ensure responsible online behavior. Beyond a physical space, JPS fosters safety, learning, and holistic growth.

Jain Public School nurtures innovation, cultural values, and holistic development, empowering students to lead with confidence and purpose

#### Faculty Training & Skill Upgradation at Jain Public School

JPS prioritizes continuous professional development to ensure its educators are skilled in modern teaching methodologies and technology integration. So to ensure this, teachers undergo regular workshops on AI tools, blended learning, and digital platforms like Google Workspace and Microsoft Teams. Additionally, collaborations with educational bodies, peer learning communities, and mentorship programs facilitate shared growth and innovation, while classroom observations, action research projects, and reflective teaching practices enhance teaching quality. Training is also about emotional intelligence and student psychology.

Hence, JPS ensures a holistic approach, while leadership programs prepare educators for future roles. The school Teacher Recognition Program motivates faculty to excel. These initiatives help its teachers remain lifelong learners, equipping them to inspire, innovate, and provide a future-ready education.

#### Individualized Attention in Large Classrooms

JPS goes beyond academics to nurture well-rounded individuals. Here, personalized attention is ensured through AI tools, small group learning, and mentor-mentee programs. Furthermore, smart technology, effective classroom management, and remedial support enable real-time assessment, fostering an inclusive environment. Sports and

fitness are integral, with the JPS Sports Village offering top facilities for various sports. Hence, daily physical education, coaching camps, and Annual Sports Day promote skill development and healthy competition. With this, a cultural engagement thrives through dance, music, drama, and art clubs, with events like JPS Utsav and festival celebrations enhancing creativity and school spirit.

Another important aspect is ensuring one's well-being, which is prioritized through health check-ups, yoga, and mindfulness sessions. Also, life skills workshops focus on emotional intelligence and leadership, while a dedicated counselor provides mental health support. When it comes to inspiring confidence and active participation, achievements in academics, sports, and arts are recognized through awards and leadership roles. By blending academics with extracurriculars, JPS prepares students to excel with resilience and creativity.

#### A Noteworthy Journey

Since its establishment, JPS has excelled in academics, sports, and cultural activities, earning prestigious accolades. With a 100 percent CBSE pass rate, students achieve top ranks in NTSE, Olympiads, and Spell Bee competitions. And staying at par with the technology disruption, the school is recognized for AI-integrated learning and national-level sports victories, producing state and national athletes. Cultural awards and innovative educational practices further highlight the school's commitment to excellence, shaping future-ready leaders through value-based, inclusive education.

Speaking of which, JPS offers scholarships to support deserving students. So to say, academic excellence scholarships provide up to 100 percent fee concessions for top performers, while Sports and Cultural Talent Scholarships reward achievements at district, state, and national levels. And the most important parameter it has garnered is Need-Based Financial Assistance. This will ensure education continues despite financial hardship, and leadership scholarships recognize all-round excellence, thus hand-holding students to reach their full potential.

## JAIN PUBLIC SCHOOL: Nurturing Tomorrow's Leaders with Tradition and Innovation

Schools today have to go beyond mere academics to shape future leaders, by helping them push themselves towards holistic growth, strong moral values, and leadership skills. Furthermore, a well-rounded education builds confidence, coupled with resilience, and integrity. This ensures students contribute positively to society. Additionally, leadership development enhances critical thinking, decision-making, and teamwork, thereby empowering them to take initiative. Also, schools nurture responsible and capable individuals ready to make a meaningful impact by balancing these aspects.

Established back in 2015, Jain Public School (JPS) from the get-go set out to create an institution that offers more than academic success which focuses equally on holistic growth, strong moral values, and leadership development. With an unfettered commitment to fostering curiosity, creativity, and critical thinking, the school has developed optimal learning excellence. Its mission has always been to nurture responsible global citizens who are academically competent, socially aware, and emotionally balanced.

JPS believes every child has unique potential. With this, it offers a curriculum that blends academic rigor with

experiential learning, supported by AI tools for personalized education and digital literacy. The schools' core academics are further enriched with arts, sports, and technology, while life skills programs build communication, emotional intelligence, and leadership. Additionally, the school has been focusing on driving excellence by pioneering initiatives which encompasses AI-integrated learning, a Patriotic Tamil Literature Program, and a structured Reading Improvement Curriculum. Adding to this, leadership workshops and emotional intelligence training is also carried out to foster confidence and resilience. And to complete this, a Teacher Recognition & Development Program ensures professional growth and teaching excellence.

#### Striking Balance Between Discipline & Quality Education

At JPS, discipline has always been more than a set of rules, it also spans its wings to help students foster self-respect, responsibility, and resilience. These practices are rooted in values from the Thirukkural and epics like the Mahabharata and Ramayana. With this, the school's approach cultivates integrity and respect while enriching the learning experience. The school also emphasizes positive reinforcement over punitive measures, encouraging students to reflect on their actions and develop empathy. To take an example, programs such as "Student of the Month" celebrate responsible behavior, fostering a culture of kindness and accountability.

"Our academic excellence is driven by innovative teaching, AI-driven learning tools, and structured support. Clear expectations and continuous professional development for teachers ensure a disciplined yet inspiring environment. By balancing firm yet fair rules with open communication, we equip students with an essential life skills, blending discipline with academic rigor to nurture personal and intellectual growth", highlights Saravanan Thiagarajan, Principal, JPS.

#### Prioritizing Safety, Efficiency, & Well-being

JPS' well-designed infrastructure ensures student safety, academic excellence, and well-being. With 24/7 CCTV surveillance, secure entry protocols, and GPS-enabled transport, real-time safety is prioritized for peace of mind. Adding to this, emergency preparedness includes fire safety

JPS proud to be recognized as one of the **10 Promising CBSE Schools** in Tamil Nadu by **Silicon India Magazine!** This recognition is a testament to JPS's commitment to holistic education, strong moral values, and leadership development. From academic excellence to life skills training, **AI-integrated learning**, and **Patriotic Tamil Literature programs**, JPS continues to nurture responsible global citizens. This achievement belongs to our students, teachers, and parents, whose dedication and trust make JPS a leading institution in education!

**“Junior Chef JPS Achieves Culinary Excellence”** We are thrilled to announce that Junior Chef JPS has earned recognition from the **World Record Union in the culinary field!** This prestigious achievement is a testament to the team's hard work, creativity, and dedication to culinary excellence. **Congratulations to the Junior Chef JPS Team!** May this accomplishment inspire future culinary endeavors and solidify Junior Chef JPS's reputation as a leader in the culinary world.

**"Celebrating Excellence! Tr. Saravanan Thiyagarajan, our esteemed principal, receives the Outstanding School Principal of the Year 2025 award from Inspired Valley UniConnect.** A testament to his unwavering dedication, visionary leadership, and commitment to shaping the future. Congratulations on this well-deserved honor!"

## Student Exchange Program

### India - Malaysia

These certificates celebrate the outstanding achievements of Jain Public School students in the International students exchange program and other academic competitions. Each certificate stands as a proud symbol of the school's nurturing environment, where talent is identified, encouraged, and celebrated.

JPS is immensely happy and proud to witness its students shine on global platforms, reinforcing its vision of empowering young minds with the confidence and skills to excel beyond classrooms.

JPS are proud to announce our partnership with **VELS (VISTAS)**, a **NAAC A++** accredited institution. This collaboration brings immense benefits to our students and staff — from career guidance, scholarships, and industrial immersion programs to free medical check-ups and research opportunities. At Jain Public School, we believe in empowering our learners and supporting our educators with the best resources. This is a significant step toward holistic growth and future-ready education.

# Success Corner

We are pleased to announce that **John** has **won the Under 11 category** at the **Victor TN State Level Badminton Tournament**, organized by Future Badminton ! Congratulations to **John** on this outstanding achievement! We are proud of **John's** dedication, hard work, and passion for **badminton**. We wish him continued success and growth in his sporting endeavors. He has also got the **winning trophy** and **Yonex Racquet** worth **Rs. 10000**. Also, both the boys reached till **semi finals** in **Victor Tamil Nadu badminton tournament** in **under 13 category**.

TRINITY COLLEGE LONDON		Examination Report	
Piano - Grade 3		Centre: Chennai (297)	
Candidate name: Benjamin Moses P		Candidate ID: 18280203165	
Piece 1:	Haydn's Minuet	Handwritten Entry	Marked
Schubert: Rain from Piano Exam Pieces Plus Exercises from 2021: Grade 3   Extended Edition			
Takes at a good pace. His finger work with accuracy and grace. There was some projection of the melody though hands lacked some balance. Left hand chords a little overly dominant, when there was some lack of the G in the melody, however, the final dynamics and 10" were played effectively. There was one persistent mis-reading, the right hand jumping half a bar, that affected the scan of the music.			
Piece 2:	Haydn's Minuet	Handwritten Entry	Marked
Gravina: Between the Fingers from Piano Exam Pieces Plus Exercises from 2021: Grade 3   Extended Edition			
This was accurate on the main with generally firm rhythmic control, allowing the two strands of melody a sense of line and flow, capturing the mood and style.			
Piece 3:	Haydn's Minuet	Handwritten Entry	Marked
Couperin, arr. Sibel: Le petit rien from Piano Exam Pieces Plus Exercises from 2021: Grade 3   Extended Edition			
Heavily played with poise, the sense of dance was realised with a good feel for the elegant eighteenth-century style. Playing was controlled and accurate with defined dynamics and articulation and with a strong sense of flow.			
Technical Work:			
Scales were confident and fluent with defined dynamics and even flow, though hands were not always an octave apart. Lengths were accurate in groups, though with occasional finger overlap between notes. Hands were balanced in Exercise 1a with control in the melody. Dynamics were shaded, marking was not always achieved. Exercise 2c flowed well with shading and with a sense of lift, slowness mostly realised.			
Performance Delivery and Focus:			
Delivered with very good assurance with a smooth transition between items and good focus.			
Musical Awareness:			
There was a good level of personal investment and commitment and ability to move between styles.			
Marks on this Examination report are provisional until the results are confirmed by the issue of a certificate (or otherwise).		Total	
Overall attainment bands are as follows: Pass 60, Merit 70, Distinction 80. Sectional pass marks are indicated in brackets.		81	
Other number: 1728420165			

A Note of Triumph! **Benjamin Moses**, our talented Grade 7 student, has achieved distinction with an outstanding **score of 89%** in the prestigious **Trinity College of London Piano Exam**! Known for its rigorous jury evaluation from global experts, this accomplishment truly sets **Benjamin** apart. Bravo, Benjamin—you've struck all the right chords!"

TRINITY COLLEGE LONDON		Examination Report	
Piano - Grade 3		Centre: Chennai (297)	
Candidate name: John Samuel P		Candidate No: H82023173	
Place 1:	Fluency & Accuracy	Technical Facility	Interpretation
Scherzetto: Rain from Piano Exam Pieces Plus Exercises from 2021 Grade 3   Extended Edition The chosen tempo was appropriate and an indication of the style was evident at the start. Whilst the left-hand material was a little heavy in the texture, it began steadily, and the syncopated right-hand melody sat atop the piece well. As phrasing progressed, there were occasional accents, some note repetitions, and a few instances of hand crossing, which were clearly an aim or co-ordination were not always completely reliable. Something was made of the performance direction.			
Place 2:	Fluency & Accuracy	Technical Facility	Interpretation
Scherzo: Between the Fingers from Piano Exam Pieces Plus Exercises from 2021 Grade 3   Extended Edition The indications of the finger work were quite well handled to begin, although not all were carefully coordinated, and the overall effect was a little heavy in the texture. The notes were generally correct and framed in an effective pulse. Whilst phrasing did not always provide clear sustain and opening lacked a little sense of purpose, there was some observation of the performance direction.			
Place 3:	Fluency & Accuracy	Technical Facility	Interpretation
Scherzo, op. 5: Small Le petit rien from Piano Exam Pieces Plus Exercises from 2021 Grade 3   Extended Edition An acceptable tempo was chosen and the original note values were processed in line with the tempo. The melody was mostly evenly delivered, but all left hand chords were observed, and there were some repeated note repetitions. The other fingers of the right and left hand were active, but the phrasing had some good direction overall, and there was some contrast in the dynamic levels.			
<b>Technical Skill:</b> The scales and arpeggios were correct in notes and much flowed well, although legato was not fully maintained, and there were just occasional slips in tone control. The use of first and second endings, whilst some note lengths were not exact, there was a good sense of flow with co-ordination mostly effective.			
<b>Performance Delivery and Focus:</b> There was a good level of focus and assurance across the presentation, but the transitions were just a little tentative.			
<b>Musical Awareness:</b> Musical awareness was apparent to a good degree, and the ability to move between and maintain the styles was developing.			
Marks in this Examination report are provisional until the results are confirmed by the issue of a certificate for reference. Total			
Overall attainment bands are as follows: Pass 6C, Merit 7B, Distinction 8C. Section pass marks are indicated in brackets.			

A Rising Star Shines Bright ! **John Samuel** of Grade 5 has achieved an impressive **First Class** with a **score of 79%** in the renowned **Trinity College of London music exam!** This extraordinary accomplishment highlights his dedication and talent, standing out amidst the rigorous evaluations of an international jury. Bravo, **John**—your **music is truly inspiring!**

A Proud Moment for Our School! Kudos to **Koka Sri Mounish** from **5A** for clinching **3<sup>rd</sup> prize** in Hurdles Running at **The State Level Inter School Kids Athletic Meet**, organized by **The Real Sports Academy** at **SDAT Nehru Park, Kilpauk, Chennai** on **12/04/2025!**

Celebrating Our Champions! A huge round of applause for our talented young athletes, **Ben & John**, who showcased incredible skill and determination at the **“Young Ones State Open”** held on **“May 17<sup>th</sup> & 18<sup>th</sup> in Chennai!”** John emerged victorious, claiming the **“Under-11 Championship Title”**, while **“Ben”** battled his way to the **“Under-13 Semifinals”**, proving his mettle in a tough competition. Your hard work and perseverance inspire us all—keep shining!

## Celebrating Excellence!

A huge congratulations to Srilakshmi Krishan of Grade 5 for her remarkable achievement in the World Mahabharata Championship organized by Ayodhya Publications, Bengaluru! With an impressive 84.17% score, she has showcased deep cultural knowledge on a global stage, making us all proud! Keep shining, keep learning, and keep inspiring!

## Some Thoughts in English

Hi friends,

Do you know the difference between Find, Invent & discover ???

**Find Meaning** - Locate something existing

Example - Did you find your notebook ?

Did you find my notebook ?

**Invent Meaning** - Create something new

Example - I am inventing a new robot.

I am inventing a new phone.

**Discover Meaning** - Find something previously unknown.

Example - Discovering a new stone. Discovering a new planet.

Thought by L.G.Lingeswaran
